

Shale Petrophysics

The **Denver Well Logging Society** invites you to attend our 2010 fall workshop on **Shale Petrophysics**, being held Wednesday, October 27, 2010 at the Colorado School of Mines.

Overview

As Industry's focus remains on Unconventional Reservoirs and these reservoirs become increasingly unconventional, the Petrophysicist's task of Reservoir Evaluation is ever more challenging.

This workshop focuses on Unconventional Reservoirs and explores the major areas of consideration for Petrophysicists and Log Analysts: Characterization, Geochemistry, Geomechanics & Anisotropy, Pore Scale Imaging and NMR. Additionally, Randy Miller will present a comparison of various shale plays.

Instructors

Quinn Passey, ExxonMobil:

From Oil-Prone source Rock to Gas-Producing Shale Reservoir - Geologic and Petrophysical Characterization of Unconventional Shale-Gas Reservoirs

Mark Tobey, Encana:

Geochemical Applications – Mud Gas, TOC-RE & VRO

Jim Bray, Halliburton:

Mechanical Properties and Anisotropy in Shales

Richard Vessel, Geo Systems LLP:

Pore-Scale Imaging

Robert Lee, Core Laboratories:

Role of Bench-Top NMR in Shale Evaluation

Randy Miller, Core Laboratories:

Shale Play Comparisons

Where

Student Center (1600 Maple Street)
Colorado School of Mines
Golden, CO

When

8 am to 5 pm
Wednesday, October 27, 2010

Cost

\$250 A continental breakfast, lunch, and beverages are **included** in the cost.

If you were a DWLS member in good standing as of August 1, 2010, you are eligible for the member rate of **\$200**.

Reservations

Reservations can be made either on the web with payment via PayPal at <http://dwls.spwla.org>, or by check by contacting Noga Holck at NogaHolck@Discovery-Group.com or call (303-831-1515). Payment must be **received** no later than October 6, 2010; after that date, we will release your space reservation. Reservations **must** be made in advance, walk-ins will not be admitted!

If paying by check, make it out to the **DWLS**, and mail it to:

Noga Holck
The Discovery Group
Attn: DWLS Fall Symposium
1560 Broadway
Suite 1470
Denver, CO 80202

Cancellations

Cancellations with a full refund can be made up until the October 6th deadline by contacting Noga. After that date, no refunds will be made, however, you may send someone else as your replacement (please notify us beforehand).
